

DPV INTERNATIONAL

AI-Powered Overseas B2B Lead Generation

Management demo: how DPV identifies importer-wholesalers that supply chain stores

ILLUSTRATIVE UAE SCENARIO

B2B scope only • Human-approved outreach • Eight-week initial delivery

The target is a B2B distributor—not the end consumer

CURRENT PHASE: B2B ONLY | B2C CUSTOMER ACQUISITION IS OUTSIDE SCOPE

Multiple sources become one qualified buyer record

n8n schedules the workflow; data services and public business sources supply the records; AI interprets and scores them.

In the demo, 100 candidates narrow to 12 sales priorities

Illustrative UAE apparel scenario

Illustrative demonstration data—not actual campaign results

A qualified lead is evidence-backed and ready for sales

ILLUSTRATIVE BUYER PROFILE

Gulf Retail Distribution Co.

UAE | Dubai | Importer / Wholesaler

PRIORITIZE

CHAIN-SUPPLY EVIDENCE	Supplies 80+ supermarkets and department stores
DECISION-MAKER	Category Manager
CONTACT	Verified business email
SOURCES	Corporate website + trade data + LinkedIn

Importer / wholesaler fit	15 / 15
Chain-supply evidence	15 / 15
Product fit	18 / 20
Market, contact and scale	45 / 50

PRODUCT MATCH • Women's apparel 94% • Bags 88%

Automation prepares the work; sales retains control

STOP AUTOMATION

Reply • Opt-out • Hard bounce •
Manual takeover

SALES HANDOFF

High intent • Catalogue •
Sample • Quotation

The system never commits price, payment, contracts or delivery terms without business confirmation.

Eight weeks to a controlled live pilot

Start small. Validate quality. Scale only after evidence.

**MANAGEMENT DECISION
REQUESTED**

Approve Week 1 data access and name one sales owner for review and follow-up.
